NCDSS Day Sheets – User Guide

Overview

NCDSS Day Sheets is an employee time tracking application for North Carolina Department of Social Services employees. Time is tracked, approved and submitted to the state office all via a web interface. The system consists of four user types: Worker, Clerical, Finance, and Admin.

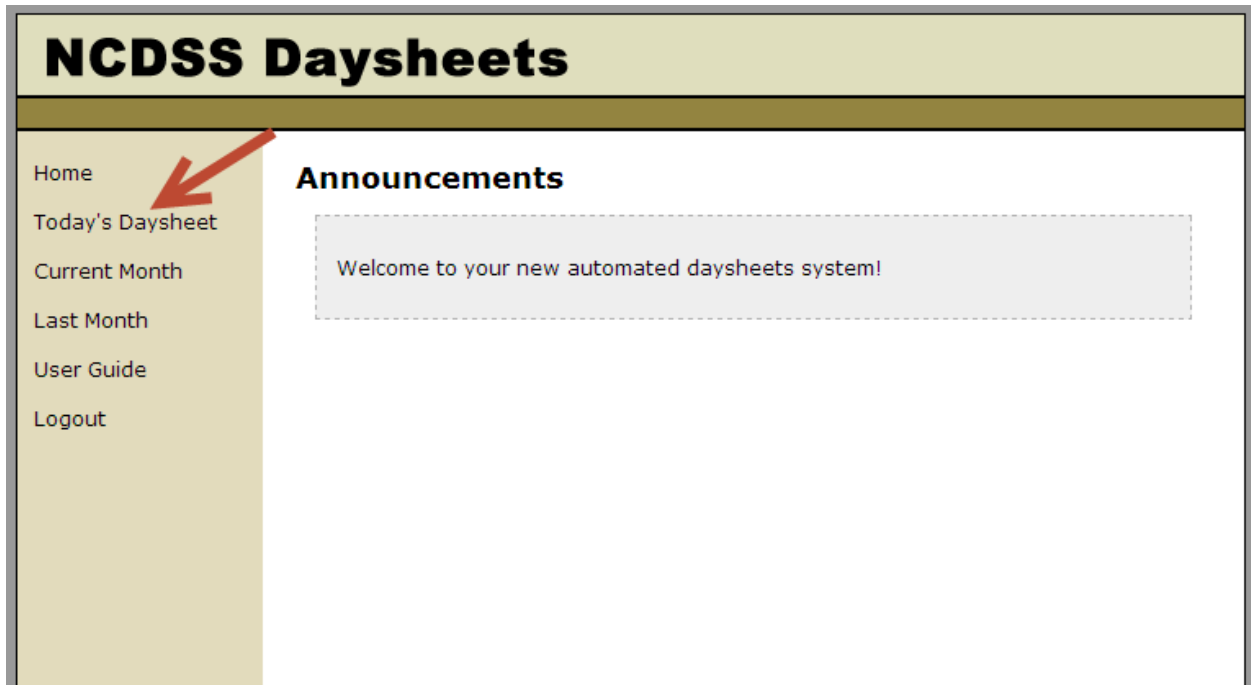

Workers generally only have access to see their own time entries. If they supervise other employees, however, they also can review the time entered by their team members. Typical use of the system by these user types involves entering time on a daily basis, certifying their own time at the end of each month, and approving time of those employees that they supervise. At any point during the month users can create a pdf report for all time entered for the current or previous month. Supervisors are able to generate this same report for each member of their team.

Once all day sheets for the month have been entered, certified, and approved, Finance users have the ability to send the data to the state via the upload screen. The State requires that this usually be done within the first five days of each month. The system requires that all time entries entered for the submitting month be both certified and approved. If there are any workers that have not yet done this, the system identifies these users allowing the Finance/Admin user to follow up. After submitting the data to the state, a report can be run within the State Data Warehouse system to verify success of data transfer.

Client information is entered into the system by the Admin or Clerical users. SIS numbers (Client Ids) sent from the state can be uploaded in batch using a text file. This creates 'unused' SIS numbers which can later be assigned to new clients. Alternatively, SIS numbers can be added one at a time. To ensure data integrity workers are only able to select from this list of pre-entered clients when entering time.

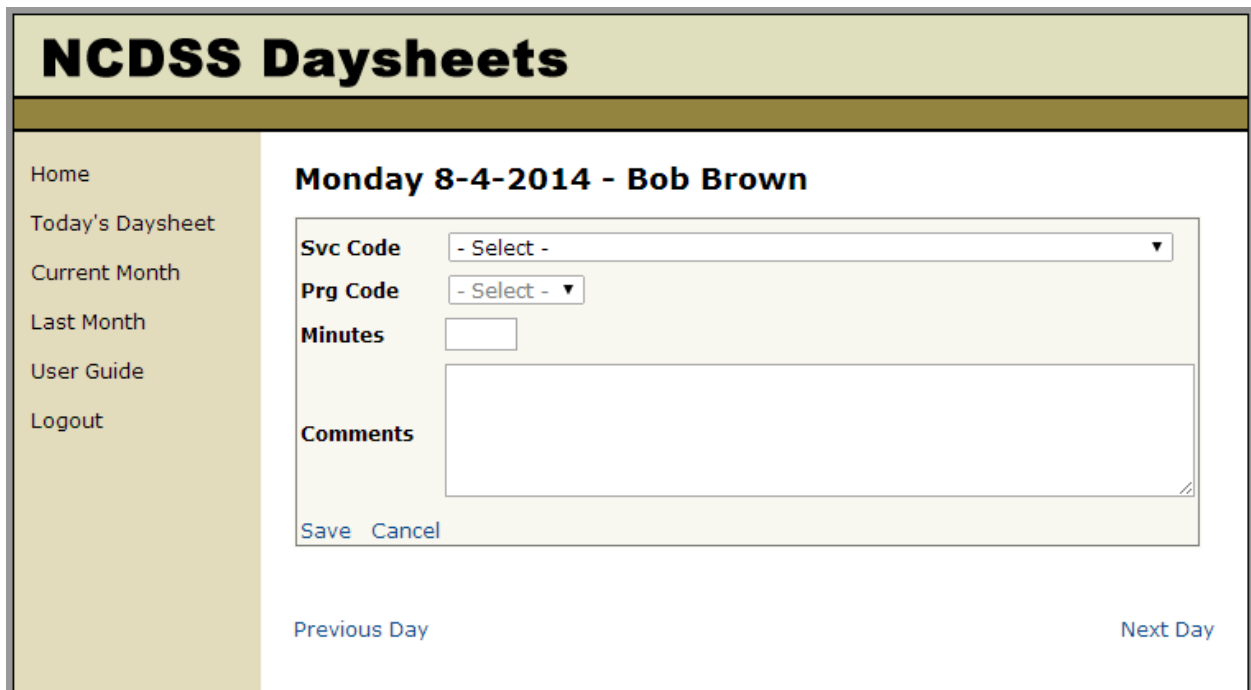

Entering Time Using Today's Daysheet

1. Select the 'Today's Daysheet' menu item from the main navigation.

The screenshot shows the NCDSS Daysheets application interface. The title bar at the top reads "NCDSS Daysheets". On the left side, there is a vertical navigation menu with the following items: Home, Today's Daysheet, Current Month, Last Month, User Guide, and Logout. A red arrow points to the "Today's Daysheet" item. The main content area on the right is titled "Announcements" and contains a dashed box with the text "Welcome to your new automated daysheets system!"

2. Select a Service Code from the 'Svc Code' drop down. Select a Program Code from the filtered list of program codes.

The screenshot shows the NCDSS Daysheets application interface for a specific day. The title bar at the top reads "NCDSS Daysheets". The left navigation menu is the same as in the previous screenshot. The main content area is titled "Monday 8-4-2014 - Bob Brown". It contains a form with the following fields: "Svc Code" (a dropdown menu with "- Select -" selected), "Prg Code" (a dropdown menu with "- Select -" selected), "Minutes" (a text input field), and "Comments" (a large text area). Below the form are "Save" and "Cancel" buttons. At the bottom of the page, there are "Previous Day" and "Next Day" links.

3. If the Service/Program code requires a SIS number, the SIS # field will be displayed underneath the 'Prg Code' field. Select the client by entering at least three letters of their first or last name or 6

digits of their SIS number in the SIS # field. The SIS # field will display a filtered list of clients matching the characters that have been entered. Select the appropriate client from the filtered list. If a client is not available for selection, please contact your administrator to add the client.

You will be shown a pop-up window with your 10 most recently used clients. To select a client, simply click on the client's name.

The screenshot shows the 'NCDSS Daysheets' interface for 'Monday 8-4-2014 - Bob Brown'. The left sidebar contains links: Home, Today's Daysheet, Current Month, Last Month, User Guide, and Logout. The main form has fields for 'Svc Code' (210: CPS -- Assessments*), 'Prg Code' (9: Work First Block Grant), 'SIS #' (with a lightning bolt icon), 'Minutes', and 'Comments'. A pop-up window titled 'Your Recent Clients' is displayed over the 'SIS #' field, listing two clients: '2005555552 - Snow, Jane - 04/01/1979' and '2002222222 - Marshall, Jane - 07/22/1965'. A red arrow points to the second client's name. The pop-up has a close button (X) in the top right corner. At the bottom of the main form are 'Save', 'Cancel', 'Previous Day', and 'Next Day' buttons.

4. If the Service/Program code does not require a SIS number, the Case Name field will be displayed underneath the 'Prg Code' field. Optionally enter a case name. To view a list of recently used case names, click on the lightning bolt icon next the Case Name field. You will be shown a pop-up window with your 10 most recently used case names. Simply click on a case name to select it.

The screenshot shows the 'NCDSS Daysheets' interface for 'Monday 8-4-2014 - Bob Brown'. The left sidebar contains links: Home, Today's Daysheet, Current Month, Last Month, User Guide, and Logout. The main form has fields for 'Svc Code' (002: Child Day Care Program Management), 'Prg Code' (L: Child Care and Development Fund), 'Case Name' (with a lightning bolt icon), 'Minutes', and 'Comments'. A red arrow points to the 'Case Name' field. At the bottom of the main form are 'Save', 'Cancel', 'Previous Day', and 'Next Day' buttons.

5. Enter the amount of time spent in minutes.

6. Optionally, enter a note in the comment field.
7. Click 'Save' to create the daysheet.
8. The new daysheet record will be displayed at the bottom of the page.

GA Time

After entering in all of the daysheet records for the day, workers may need to enter some GA time for the remainder of the work day. The NCDSS Daysheet application has a 'Remainder to GA' function that automatically calculates the number of GA minutes for the day, based on the specified number of minutes for your counties' work day (450 or 480 minutes).

To add a record for GA time:

1. Click on the 'Today's Daysheet' link in the main menu.

- To the right of the daily total, click on the blue 'Remainder to GA' link.

3. Edit the daysheet record and when finished, click 'Save'.

Certify Time

Usually time is certified within the first couple of days of the following month. Time must be certified prior to supervisor approval, therefore it is important that workers take care of this as soon as possible.

1. Select 'Last Month' from the main menu.
2. Review time entered for the previous month. To print a report of your monthly time, select 'Print Report' at the top of the page.
3. Once records have been reviewed, click the 'Certify Month' button at the bottom of the page.

I certify that the daysheet entries for this month are both complete and accurate.

Certify Month

4. You will be prompted to confirm the certification. Click 'Yes' to proceed.

Approval of Certified Data (Supervisor)

Supervisors must review and approve timesheets for each of their team members. **Please note that this process must be repeated for each worker and that workers must certify their timesheets prior to approval.**

1. Select 'Review & Approve' from the main menu.
2. Click on the 'Review' link next to each of the workers to review their timesheets.

This daysheet month has been certified, but not approved

[Undo Certification](#) [Approve Month](#)

4. If a worker is unable to certify daysheets for the month, daysheets may be certified and approved by a supervisor by clicking the 'Certify & Approve' button. This button is only displayed for months that have not yet been certified. Please note that the 'Daysheets Certified by Another Worker' report can be used to view a list of daysheets that were certified by another user.

Reports (Supervisor)

The following reports are available to Supervisors:

1. Daysheet Monthly Report
2. Daysheet Summary Report
3. Program/Service Code Monthly Report
4. Daysheet Monthly Report By SIS and Worker
5. Supervisor List With Workers
6. Daysheets Certified by Another Worker

To run these reports, select 'Reports' from the main menu. Select the appropriate report parameters and click 'Run' next to the report. All reports will be provided in PDF format.
